The greatest empire of them all began with a road.

The Circle - a thousand miles of perilous forests and warring clans. No one has ever tamed such treacherous territory before, but ex-soldier Teyr Amundsen, veteran of a hundred battles, is determined to try.

With a merchant caravan protected by a crew of skilled mercenaries, Amundsen embarks on a dangerous mission to forge a road across the untamed wilderness that was once her home. But a warlord rises in the wilds of the Circle, uniting its clans and terrorising its people. Teyr's battles may not be over yet . . .

All roads lead back to war.
